

EGG GRADING CLASS

The upcoming NC Egg Grading Class at N.C. Cooperative Extension-Caldwell County Center is a training class for people who have small flocks and sell eggs on a regular basis to consumers.

During the class we will be covering topics such as safe handling practices, interior and exterior egg quality, as well as laws and regulations surrounding egg grading and sales in North Carolina.

There will be hands-on applications of techniques taught in the class so that participants can gain knowledge of how to grade eggs for sale in North Carolina.

If you are an egg producer who is producing more than 30 dozen eggs per week, are interested in expanding past this threshold, or are wanting to learn more about egg grading then this class is for you!

There is no fee for the class but prior registration is required to ensure an accurate headcount for lunch. Space is limited. Sign up today by calling 757.1290 or emailing tina_lovejoy@ncsu.edu.

Go to <http://go.ncsu.edu/egggradingclass> for agenda.

Many thanks to Carolina Farm Credit for sponsoring the meal.
